Guidelines

It is the policy of the Board to prevent nepotism, in actuality or appearance, to the fullest extent possible under the law. Except where specifically required under the policy for the prevention of nepotism, the family relationship of an employee or applicant for employment to a member of the Board or any other school district employee shall not be a basis for, factor in, nor an influence upon hiring, assignments, advancement, evaluation, or other personnel actions.

For Classified Employees, no applicant or candidate for full-time or part-time regular employment who is a family member of any Board member or commissioned officer, shall be employed by the district.

For all other employees, no applicant or candidate for full-time or part-time regular employment who is a family member of any Board member, commissioned officer, District Administrator, or Supervisor shall be employed by the district.

The Board directs the Office of Human Resources to clearly identify in all of its job postings and/or applications for newly hired persons this nepotism policy and verify, in writing, by the applicant or candidate that they have read and understood this policy. All applicants and candidates shall be required to complete a written form disclosing any relationship with any current Board member, any commissioned officer or any other district administrator or supervisor. If during the employment process, the Superintendent or his/her representative becomes aware that an applicant or candidate for employment or appointment for a full-time and/or part-time position is a family member of a current Board member or commissioned officer or has not disclosed a familial relationship with a current district administrator or supervisor, the applicant shall be notified and removed from the list of viable candidates.

No employee and/or appointee of the Baldwin-Whitehall School District newly hired or promoted from within the district shall supervise another employee or be supervised by another employee where a family member relationship exists between the evaluator and the employee and/or appointee who is being evaluated. Should such a relationship occur, the employee and/or appointee to be supervised shall be transferred to another position with no diminution of his/her employment status. In the event such a transfer is not possible, a nonrelated supervisor shall conduct the employment evaluation.

It is the intention of the Board that this policy not affect the present employment status of persons currently employed, nor restrict the advancement or promotion of any employee as of the date of the adoption of this policy, unless where restricted by a supervisory relationship.
