PROPOSAL FOR BALDWIN-WHITEHALL SCHOOL DISTRICT

The summer professional development series is for Elementary ESL teachers in the Baldwin-Whitehall School District to assist them with preparing for the 2022-2023 school year.

Summer PD Series: A series of 3, four hours sessions will be provided over the course of the summer as part of their DSAP requirements, as follows:

July 7, 2022 from 8:00 am-12:00 pm: Focus will be on reviewing current ESL curriculum, students' groupings and begin to create a framework for curriculum for 22-23. This will include survey of current curriculum, as well as a review of the Pennsylvania ELD Standards, WIDA Standards, and ELA Standards. The main goal of the session will be to draft a template that all ESL Elementary teachers can use, as well as consensus on what the framework will look like for each grade level. If time permits, we will also work on creating content and language objectives that will complement each lesson.

July 25, 2022 from 8:00 am – 12:00 pm: Focus will be on completing the framework for each of the grade levels as well as using resources available to the staff to plan how they will be incorporated within the curriculum to ensure consistency, continuity and avoid repetition.

August 3, 2022 from 8:00 am – 12:00 pm: (this session may be offered virtually) Focus will be on assessment and measuring progress for each English learner. Two hours of recorded webinars will be required prior to this session. These will include a look at how ELs factor into the Future Ready Index, and calculating ELs growth. The main goal of the session will be to create a system to track growth and success for all ELs in the district. The scope will go beyond the ACCESS Testing and will include formative and other summative measures. In addition, we will review the BEC if time permits.

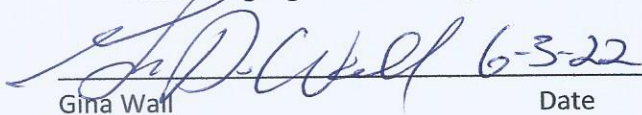

All three PD sessions and the 2 hours of pre-work/assignment will provide all participating teachers with 14 hours of professional development.

ESTIMATE FOR ALL SERVICES ABOVE: \$1875.00 (\$125 per hour for 15 hours) This fee also includes one hour of preparation for each of the three sessions.

District will be invoiced upon completion of the sessions and will be due 30 days from date that invoice is received.
